DID YOU KNOW THAT

- The first semi-permanent settlements appeared in Florida around 5000 B.C.
- Juan Ponce de Leon arrived in our state on March 27, 1513. He named it "Pascua Florida" because he arrived during the time of the Feast of Flowers.
- St. Augustine is Florida's oldest city dating back to August 28, 1565.
- Tallahassee was named the state capital in 1824 by Florida's first territorial governor, William P. DuVal.
- When Florida was granted statehood on March 3, 1845, its population was 57, 921.
- Dr. John Gorrie of Apalachicola patented the process of making ice artificially in 1851.
- Frozen concentrates of citrus juices became a major industry in 1950.
- The first commercial airline between two U.S. cities was established at St. Petersburg in 1914.
- Explorer I, the free world's first earth satellite, was sent into the air from Cape Canaveral in 1958.
